ArtSparks is an arts-based, educational outreach organization that provides access to high quality dance programming, emphasizes the importance of dance as an art form, and champions the fine arts standards as fundamental to academic learning. The mission of ArtSparks is to engage participants through movement, music, and creativity to strive for excellence, embedding a lifelong quest in each individual to reach their full potential.

Thank you for joining us in our Eighth year of our explosive **Dynamite Duos Project**. Dynamite Duos is a 30 week dance and music residency that brings together students with disabilities with age-matched, non-disabled peers to learn about themselves and each other through dance and music. Dancers have been hard at work all year learning and creating dances together all the while being challenged to reach their personal best. We hope you enjoy seeing the friendships, sense of community, and joy that has resulted from our year in the classroom together.

ArtSparks is an affiliate of the National Dance Institute (NDI) and is honored to offer their pedagogy here in Northeast Ohio. ArtSparks is grateful for the opportunities and training support of NDI as well as their “D.R.E.A.M. vision” of bringing children and a community together in this way.
